What's Inside the Report

Tab 1 — Current State: What's been done, what's still pending, full blog post inventory with quality ratings, schema & analytics status.

Tab 2 — SEO Dashboard: 8 LA-targeted keywords with difficulty scores. Radar chart (current vs. 90-day target). Traffic projection to 520 visits/month by October.

Tab 3 — Website Improvements: 12 specific fixes ranked by priority tier — each with exact instructions, not vague suggestions.

Tab 4 — New Homepage Copy: Full rewritten homepage — hero, 6 service cards, stats bar, founder about section, 3 testimonials, CTA. Keyword-optimized for "digital marketing agency Los Angeles".

Tab 5 — 90-Day Roadmap: 18 action items across 3 phases. Each tagged Claude AI / Maor Manual / Professional. Phase 1 alone moves SEO score from 42 to 58.
